

Google chrome Workflow

- 1 Click the corfix logo once downloaded from the app store.

2 Click the edit button

3 Enter emergency contact info and any other missing info

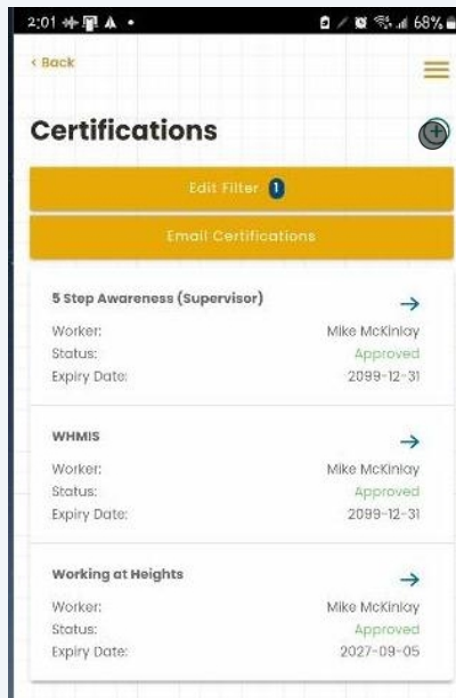

4 Click Save

The screenshot shows a mobile application interface for saving emergency contact information. The form consists of several input fields: "Emergency Contact" with the name "Marissa", "Emergency Contact Phone" with the number "613-123-4567", "Language" set to "English", and "Kiosk PIN" set to "6810". Below the input fields is a prominent black "Save" button and a smaller yellow "Reset Password" link. The bottom of the screen features a navigation bar with five icons: a pie chart, a document with a checkmark, a checkmark, a speech bubble, and a megaphone. The Android navigation bar is visible at the very bottom.

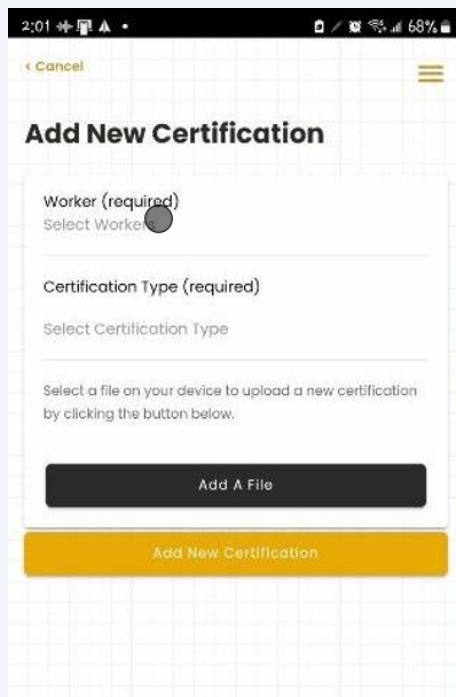

5 Click view my certifications

The screenshot displays a mobile application profile page. It contains several text fields: "Employee Number", "Job Title(s)" with the value "Project Manager", "Email Address" with the value "mckinlay@a1carpentryinc.com", "Emergency Contact Name", and "Emergency Contact Phone Number". Below these fields are two large yellow buttons: "View My Certifications" and "Edit Notifications Settings". The bottom of the screen features a navigation bar with five icons: a pie chart, a document with a checkmark, a checkmark, a speech bubble, and a megaphone. The Android navigation bar is visible at the very bottom.

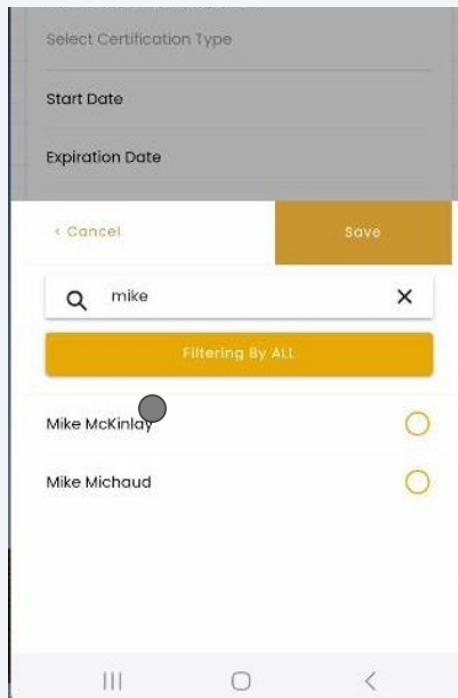

6 Click the add button
